

Are you interested in developing skills in mentoring to support and help others?

If you're unemployed, aged over 19 and live in Merseyside, you can join a new programme - **Progress through Peer Support** - starting in Oct 2021.

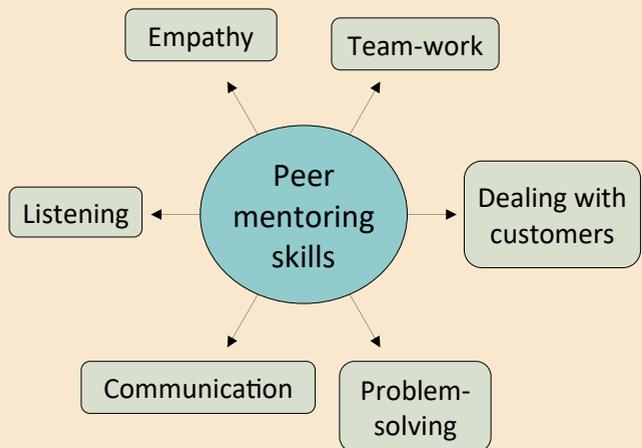

Progress through Peer Support

You'll take part in workshops in a small group of like-minded people to help you build up confidence and gain more direction in your job search.

Also, you'll be supported to do an accredited course in Peer Mentoring (level 2).

The qualification will strengthen your CV and you'll develop your skills in areas which are important in many jobs.

By taking this course, you can improve your job options, using your skills and experiences to help others.

If you're interested, please contact Jigsaw Coaching:
